Report: With four of our regular 16-man squad *missing* for various reasons, we were a bit *unlucky* to be up against a side who up until *this* season had been playing in the F.A. *National* Sunday Cup and were Runners-up in the *top* Sunday Cup in *Essex* last season, and although they only had 5 or 6 players *remaining* from that side (hence their appearance in the London *Junior* Cup), Coach & Horses were still as *good* as the some of the *better* teams in our Division, which *therefore* resulted in *another* really close game which we eventually *lost* because *this* time it was Kevin *Dedman's* turn to have a 'mare' in front of goal (although he *did* manage to score *one*). In fact it *wasn't* Dedman's day as he *even* managed to suffer an unintentional left hook to the jaw from Lexton Harrison during a 'ruck' in the second half (something for the 'Out-Takes' at last) which brought back memories of the Nurse brothers in their prime during our Haringey League days. However, the fact that we only managed to get 2 out of our 14 shots on *target* was the *main* reason that we *lost* and *not* because of any *indiscipline*, although a couple of mistakes at the back by Gary Southam *did* prove to be *costly* in the *first* half as Coach & Horses duly
