Report: Having beaten them 8-1 and 5-0 last season, this looks a real shock result, but Northmet's Reserve Team this season are actually their First Team from last season (who finished 5th in the Premier Division). We also had problems with no proper goalkeeper being available again, a terrible pitch which hindered our passing game and a weak referee who allowed Northmet to kick us all over the park. We still didn't deserve to lose though, and a 2-2 draw would have been a fair result, but the League Intermediate Cup was a competition we could easily have won this season and it was a big disappointment to go out.
