Report: Not surprisingly, we made the Red Star Bell Lane secretary pay for his 'mistake' / 'over-optimism' just by being able to field eleven men, as we were *still* not exactly at full strength with numerous players missing for various reasons. However, the Dorward brothers were back for this one and they turned out to be our 'heroes' as far as the goalscoring went, although some of our *other* players really should have got on the scoresheet as well, particularly John Beasley and Lexton Harrison who were guilty of some dreadful misses. It was a good team performance overall though as Red Star Bell Lane *did* actually have a stronger side out this time, which was obviously why their secretary wanted a replay, but with his side bottom of Division 3 and us being top of Division 2 it was clear that he had made a serious misjudgement!
