**Report:** Division 5 side Wormley Rovers gave us a good test in this the last of our Pre-Season Friendlies, especially as we had no less than nine prospective players unavailable due to holidays and Bank Holiday Weekend 'commitments'. However, we still played well as a team, but so did Wormley, especially in defence where they proved to be very well organised and it wasn't until the 80th minute that the game really opened up when Daniel McIntyre stupidly got himself sent off for fighting along with Wormley's Andy Wagstaff. However, as Wagstaff was one of their few remaining Senior Saturday Team players from when we last played them four years ago, it meant they had lost their best player while we had lost our 'worst' one and Paul Ellerker and Derek Dorward took advantage of that to score two late goals to give us a deserved win in the end. At least Daniel did something good by bringing along his next-door neighbour for a game as Jamaican Carlos Dennis looked extremely useful when he came on at right-back for the last 15 minutes and actually had a hand in both goals.
