After our good start to the season of four straight wins, we have now lost three in a row despite fielding virtually the same team with no injuries or suspensions affecting us this time, as was the case last season.

The problem we have is that other teams have greatly improved from last season as well as ourselves, particularly our last three opponents Castle United, Cuffley and Oakwood United who were all fielding their full strength sides with every player fired up to beat us as we were top of the table, although we were still the better side against both Cuffley and Oakwood United and did not deserve to lose.

It is quite likely that we will always suffer from teams fielding full-strength sides against us as everybody wants to be on video (or mentioned on Radio 5!), so we will just have to raise our game and hope other players start scoring goals apart from Conor and 'Nugget'!
